# NORTHRIDGE

1,803 sq. ft.

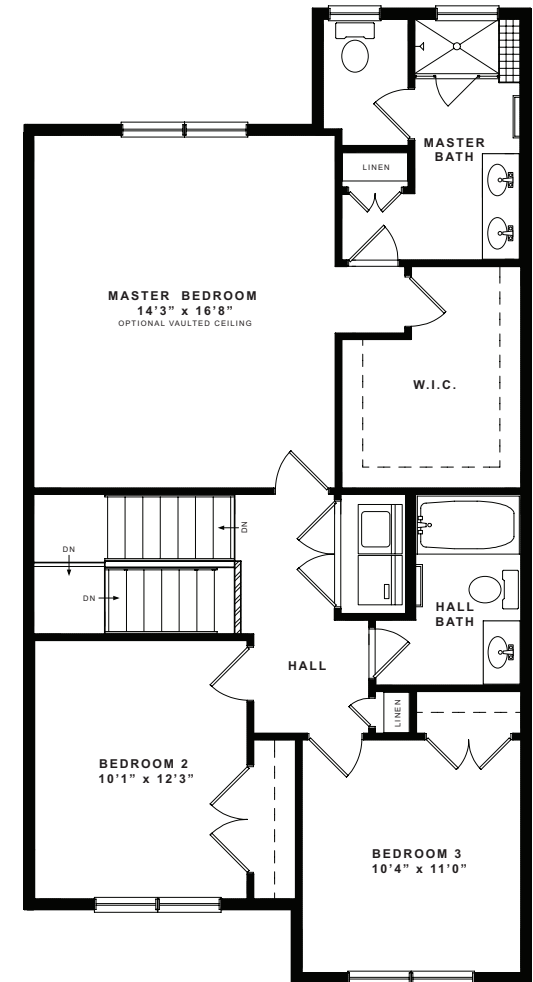

With its covered porch entry and flexible interior design, this 1,803 sq. ft. home combines both functionality and charm...

Upon entering the foyer, you will notice a flex space to your left. Whether it is used as a living room, home office, or game room, this room is versatile! As you continue on into the home, you will see a large open area. The Great Room, Kitchen and Dining Room allow for a perfect space for relaxation and entertaining. The 1st floor is completed with a powder room which is easily accessible.

On the 2nd level, a master suite with one large walk-in closet, double vanities and a glass enclosed shower spans the entire back of the home, forming a private retreat. Two additional bedrooms and hall bath with a tub, complete 2nd floor.
